

Please amend the specification as follows:

Please amend Paragraph **[0012]**:

[0012] Figure 2 illustrates one embodiment of a process flow through the private information exchange 10 of Figure 1. The process starts at block 30, where a user of the wireless communication device 16 initiates a request to access information in the private database 12. The request may be initiated by using the wireless communication device 16 to create an e-mail and send the e-mail to the e-mail server 14. As is known in the art, the e-mail may be routed through one or more SMTP servers (~~not shown~~) and a POP3 server (~~not shown~~) while being sent from the wireless communication device 16 to the e-mail server 14.
